### Conditions of Sale:

**This kitten is guaranteed to be in good health, to the best of my knowledge.**

**The kitten has its first shot of 4 in 1 vaccine given. The customer has a health guarantee of one month from the time of purchase in which to have the kitten checked by a licensed veterinarian (at the purchaser's cost) and is urged to do so. This kitten's parents have been PKD ultrasound scanned and are negative. This is not an absolute guarantee against PKD, but the possibilities should be greatly reduced. Should your vet finds anything seriously wrong with the kitten it will be exchanged for another kitten of equal value of the customer's choice at once or when available provided a letter from the examining veterinarian is offered as evidence of the kitten's illness and is returned within the guarantee period. No exchange will be made after this period.**

The seller assumes no responsibility on this kitten after leaving the premises for medical expense, mortality, landlord's disapproval, allergy to animals, or any other reason. It is further understood that no warranty or representation has been made with respect to sold kitten, except as set forth in writing this agreement. This cattery accepts no responsibility for treatment or lack thereof which may cause the death of this kitten.

This cattery is ringworm free & has no carriers. If at some point you have a problem with ringworm, contact me & I'll share what I used that seemed to work.

**I HAVE EXAMINED THE KITTEN AND IT APPEARS TO BE IN GOOD HEALTH, I UNDERSTAND AND ACCEPT THE CONDITIONS OF SALE AND ACCEPT THE KITTEN AT THE PRICE SHOWN ABOVE. (Applies when you receive kitten.)**
